

f-cell award 2020

Award for innovative hydrogen
and fuel cell technology

Cash prizes total € 20,000

AIM OF THE F-CELL AWARD

To acknowledge outstanding developments in one of the most futureproof fields of technology – hydrogen and fuel cells – and to stimulate further innovations, the Baden-Württemberg Ministry of the Environment, Climate Protection and the Energy Sector and the Stuttgart Region Economic Development Corporation have been supporting the f-cell award since 2001.

CATEGORY 1:

Research & Development

This category is primarily directed at academia, universities and research institutes. But also businesses are welcome to enter relevant R&D projects.

JUDGING CRITERIA AND WEIGHTING:

- Level of innovation (50 %)
- Market potential (25 %)
- Environmental and social benefits (25 %)

CATEGORY 2:

Products & Markets

For companies and cooperation partners with market-oriented research and application ideas from the field of hydrogen and fuel cells.

JUDGING CRITERIA AND WEIGHTING:

- Level of innovation (25 %)
- Market potential (50 %)
- Environmental and social benefits (25 %)

AWARD CEREMONY ON SEPTEMBER 29, 2020

The f-cell award 2020 will be awarded during the f-cell evening event in Stuttgart by the Minister of the Environment of Baden-Württemberg, Franz Untersteller MdL.

SUBMISSION

Please submit your entry at f-cell.de/award

Upon submission, a fee of € 200 (excl. VAT) will become due. This fee includes one ticket to the award ceremony at the f-cell evening event.

Submission Deadline: Friday, June 26, 2020
